Finding journal articles using Library Search

You can find **Library Search** on the Homepage of the Library Website ([www.library.mmu.ac.uk](http://www.library.mmu.ac.uk)).

### Finding articles

Use Library Search to:

1. Locate relevant articles on a topic
2. Locate a specific article

**To locate relevant journal articles on a topic:**

Enter appropriate **search terms** into the search box and click on **Search**.

For example, if your assignment title was...

```
Discuss the impact of the use of household based energy efficient technologies on climate change?
```

...your search terms might be:

**Library Search**

"energy efficient technologies" "climate change" household

### Refining to journal articles

Search results will include different types of sources. Use the filters down the left hand side to refine your search to full text journal article. Select ‘Scholarly & peer-review’ to find articles from journals that are peer-reviewed. Refine by Publication Date to locate recent research.

- **Refine by Full Text Online and Scholarly & Peer-Review**
- **Refine to Journal Articles**
- **Refine by Publication Date**

**CONTENT TYPE**

**PUBLICATION DATE**

- 03/07/2014
- 03/07/2019

**Last 12 Months**

**Last 3 years**

**Last 5 years**
Finding articles

To locate a specific journal article:

Enter the journal article title into the search box and click on Search.

Accessing a journal article

To access an article click on the title link in your results list and enter your University ID and password when prompted and you will be taken to the abstract page of the article where you can download the full text.

Alternatively, the following screen may appear, where you will need to click on ‘Full text online’

Using journal databases to find journal articles

Also use subject specific and multidisciplinary journal databases to find journal articles.

Select the most relevant journal database from your Subject guide. Access the list of Subject guides
